WHO IS ABEL?

Born in Denver, bred for hustle. Since graduating from University of Colorado in late 2022, I've had my hand in assisting marquee top-level branding experts and CEOs, working hand-in-hand with household name brands, and curating high-performing social media content.

Marketing has been my passion since high school and I never want to stop learning. I'm always hungry for meeting branding creatives within this industry and finding new challenges to stay ahead of the curve for what's possible in marketing.

Otherwise, I looking forward to connecting and letting the rest of this deck speak for me.

Lukewarm Regards,
Abel.

TIME WITH THE SHARK GROUP

The Shark Group is Daymond John's personal consultant group. The Shark Group handles Daymond's investments on/off the Shark Tank show, any NIL deals, speaking engagements, social posts, licensing opportunities, Mastermind groups, CEO Consulting, event & brand activations, and much more.

80% of staff members started off as interns.

As an intern, I progressed my way through taking on larger roles and responsibilities, collaborating further with celebrities, high-level brands, exclusive clients, and top-level executives.

What started off as a *"no way in hell"* job application has now helped shaped my capabilities and experiences today.

TIME WITH DAYMOND JOHN

Daymond John - CEO of **FUBU**, a company he started by taking out a \$100,000 mortgage on his mother's home and growing into a \$6 billion lifestyle brand. Today, Daymond is co-star on ABC's 5-time Emmy Award Winning business TV Show, **Shark Tank**.

Starting as intern, I've worked with Daymond over the course of 3+ years in a bunch of different capacities, primarily handling his NIL, brand partnership, and endorsement deals. Refer to page 7 for a list of brands I've previously worked alongside with.

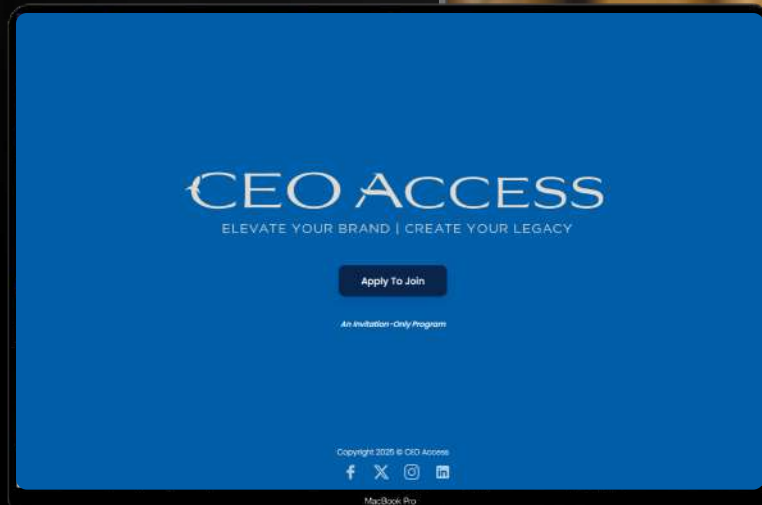

I've also assisted in curating and effectively hosting his annual Black Entrepreneurs Day event, giving away over \$1 MILLION to entrepreneurs (which became the BIGGEST business livestream and DEI event of 2024).

I've also effectively curate and manage a new exclusive and bespoke service, **CEO Access** offering exclusive advisory, branding, and entertainment services for very select, high-profile CEOs and executives looking to elevate their public presence.

When I am on the set filming Shark Tank, I need to be able to be able to hear what is going on around me, so I don't miss anything important even though I don't always want to hear Kevin's voice! Wearing **Starkey Hearing's** Genesis AI hearing aids help me to hear crystal clear, and are sleek and discreet. But I got mine in red to help show mine off to help fight the stigma of hearing aids!

They have more than enough battery life to last all day long. If you feel like you might not be hearing as well as you could, here is an easy way to find a hearing provider near you: <https://lnkd.in/eBPEwwSk>
